

**GAME
FRANCE**
supported by CNC

THE FRENCH EXPERIENCE

- Where art and tech collide
- From indie gems to AAA successes
- Powered by excellence-driven creators

**Get a 30% Tax Credit
for Video Games**

The Game France label is supported by the CNC (the French National Center for Cinema and Moving Image). It promotes the French video game ecosystem at home and abroad.

Game France is the gateway for video game companies and professionals who want to set up, invest in or work with France.

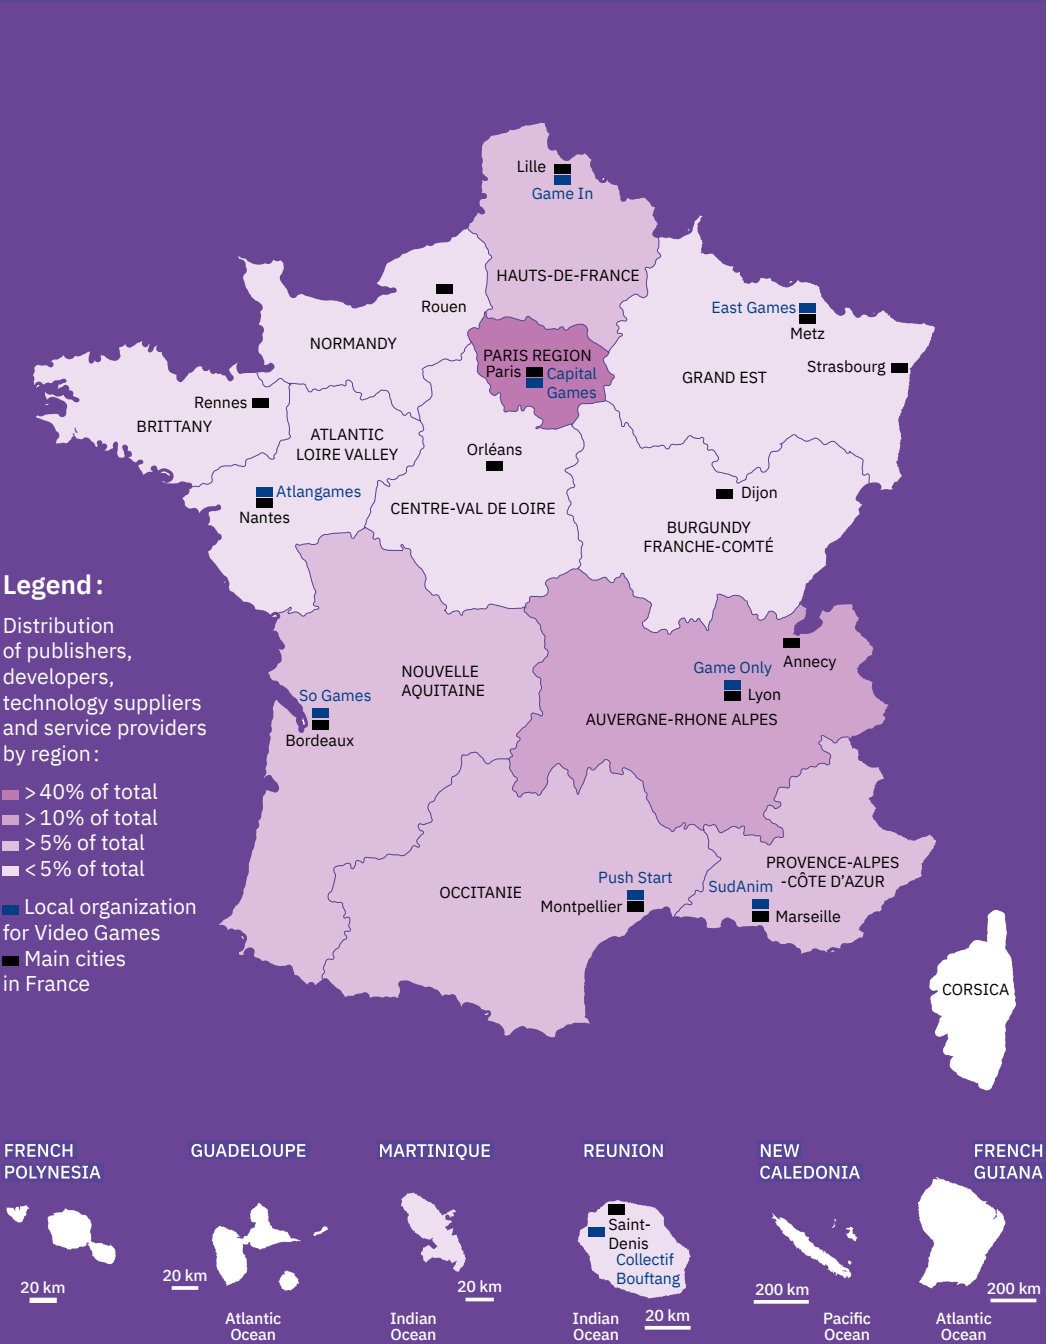

Game France relies on a network of French partners supporting the video game industry, from public organizations to business trade associations.

Game France :

- provides data and information about the French ecosystem;
- informs on project funding opportunities in France: either through the tax credit or the support fund for video games;
- connects French studios with international stakeholders through networking events and Business Tours;
- offers insights and support for IP owners interested in collaborating with French studios to adapt their IPs into animation, live-action, video games or VR.

THE FRENCH VIDEO GAME ECOSYSTEM

TOP 5 REASONS TO WORK WITH FRANCE

International Hits Made in France

by both industry leaders and independent studios

600 Studios

with an exceptional and versatile creativity

Outstanding Schools

recognized throughout the world

A Highly Skilled Talent Pool

combining artistic and technical excellence

A 30% Tax Credit for Video Games

on eligible expenses, accessible to all France-based studios.

TAX CREDIT FOR VIDEO GAMES

Value

- 30% of the eligible pre-tax expenditures directly allocated to the creation of a game
- Up to 6 M€ per company and per year

Accessing French Tax Credit for Video Games

The tax credit is available for companies that :

- are in charge of the development of the game (whether they are IP owner or not)
- are located in France and subject to corporate income tax in France

Qualifying projects

To qualify a project must :

- have a development cost greater than or equal to €100,000
- be made by a core team located in Europe
- pass a cultural test based on creativity and innovation

Since 2008, more than 450 games and 200 studios have benefited from the tax credit.
